

Market report outline

- Summary of major DWP past & future mega trends-5-10

DWP World Supply & Capacity

- DWP Supply capacity history from 1978 to 2020 (as per actual or capacity public changes announcements)-12
- Celco revised capacity changes forecast-12
- Supply capacity evolution & forecast by region-13
- Supply capacity evolution & forecast by technology (wood, process, market versus integrated , DWP mills versus paper pulp mill conversions.)-14
- DWP capacity history and forecast by supplier's profile(swing mills) -15
- Celco revised DWP capacities versus announced capacity-15
- Suppliers capacity by mill in 2016 and in 2020-16
- Suppliers capacity by mill in 2016-16
- DWP supplier' s currency mix history & forecast-17

Demand

- Cellulose demand growth rate forecast (%) & assumptions by markets till 2020-19
- DWP demand by key market (in KT) history & forecast 2000-2020-20

Overall supply & demand

- Global historical and forecast supply (swing or not) and demand- 2000-2020-22
- Historical and forecast supply and demand by mill type (high alpha, specialty, low alpha and low alpha swing mills) - 2000-2020-22
- Celco adjusted supply versus demand forecast-23
- Trend of DWP supply and demand for hardwood versus softwood-24
- “Big 5” capacity vs all but rayon grades DWP demand-25

Pricing:

- DWP pricing forecast assumptions-27-29
- DWP pricing forecast by key market segment till 2020.-31
- DWP pricing forecast for each market segment till 2020.-32
- Paper pulp versus DWP prices evolution and forecast-33
- Cotton linters pulp usgae and pricing-34

Exhibits:

- DWP supply capacity evolution by mill 2016 to 2020-36
- DWP demand growth rate by market segment 2016 to 2020-37
- DWP demand by market forecast table (in KT) 2015-2020-38
- DWP pricing by market forecast table (in \$/T) 2015-2020-38
